Assembly**Computer Printing the Text:**

1. Using the actual size text printed on page 6, print the text on a fabric sheet made for ink jet printers. Please use the manufacturer's directions, including how to make the printing color-fast. Be sure to set your printer on 100% scale or Actual Size.
2. Using a rotary ruler and rotary cutter, cut the printed fabric to a 5 ½" x 6 ½" rectangle (Fabric A). Be sure that the text is centered and that the 6 ½" length is vertical as shown in the illustration.

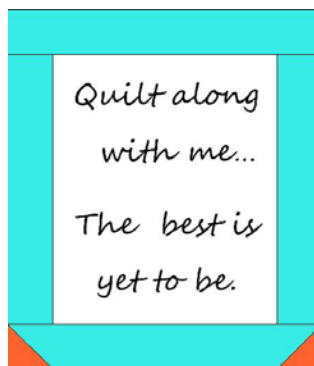

Note: If you prefer, the text can be hand embroidered after the block is pieced. Simply trace the text on the rectangle and embroider it with your favorite stitch, using 3 strands of embroidery floss.

Adding the Borders to the Text Rectangle:

1. Sew turquoise Fabric B $1\frac{1}{2}$ " x $6\frac{1}{2}$ " strips to each side of the text rectangle. Press away from the center.
